

Moms and Dads, Do your kids a favor—  
Help them be a Sunny Saver!

HORIZON

## Teaching Your Kids About Saving is a Very Bright Idea

The Sunny Saver Club is Horizon's totally free, totally fun savings account for Kids.

The sunny-saving fun begins as soon as your child becomes a member. When the account is opened, your youngster will receive a Sunny Saver Club Card and a neat gift. Then, whenever kids add to their accounts, they add to the fun! For every deposit, their card is punched. With the 10th deposit, they can redeem the card for a prize!

Every Horizon branch will also have a Sunny Saver Kids Corner for their other important bank business, like drawing and coloring.

The Sunny Saver Club helps Kids earn interest on their money, and gets Kids interested in learning about their money. It's just another way Horizon brings you Exceptional Service and Sensible Advice.

As our mascot Sunny says,

It's never too early to see the light about saving!
